\*\*\* Please note that these marks only apply if you are entering more than 3 athletes in an event. The marks for the laned events are based on electronic times and will be verified on milesplit. If I cannot verify them your additional athletes will not be accepted. If you have athletes that are ever so close to these marks, or an athlete that does not yet have a mark in a certain event that easily could make these standards, please let me know, and I will do what I can based on availability.

**Entries on milesplit will be open for unlimited athletes per event. Please only enter more than three if they meet the above standards. I am trusting that all of you will follow the standards. Additional entries will be verified, and if they are not in compliance, they will be rejected. I will contact you personally if one or more of your entries are rejected. If you have less than 3 quality entries in an event, consider not entering 3 athletes and making room for the schools that do have depth in those events. Certainly not a requirement. But It will make the meet more efficient, and it is just good karma!!**

**Also if you are interested in running a B-Relay team let me know. I do ask that if you request a B-Relay that it is a highly competitive relay team that can compete against other schools A-Relay teams. There will be no guarantees on B-Relay Teams.**
